GAME ON

Toptracer Range, the same technology used on televised golf tournaments to track the shots of the game's best players, is transforming the everyday driving range experience. With Toptracer Range, Guests can compete against friends, play virtual courses, and receive instant shot feedback on interactive game screens.

Tailor your range experience with following game mode

► Warm Up

This comprehensive training mode allows guests to hone their skills by offering data such as distance, ball speed, launch angle, height, landing angle, and distance to target.

► Virtual Golf

This mode gives opportunity to play some of the world's greatest golf courses right from your bays without ever have to leave the range.

► Points Game

This game lets friends compete for points based on distance from the target and is great for people that like a friendly challenge.

► Longest Drive

Who can hit the furthest? This game lets Guests settle the argument once and for all by turning the range in a proper long drive grid.

► My Practice

This mode encourages Guests to dig deeper into their golf bag and learn the details of each type of club.

► Closest to the Pin

There's nothing like a little friendly competition to get some excitement going in the bay.
