

MEMBERS UPDATE

July 10th – Polling Day Public Holiday

As Friday, July 10 has been declared a Public Holiday, we wish to take this opportunity to remind Members that it will be subjected to Holiday/Weekend procedures. Weekend rates will apply for any guests playing and weekend/holiday cancellation rates will apply to any no-shows or cancellations less than 72hrs in advance. Please be reminded to update names of all golfers at least 72 hours in advance.

Laguna Practice – Bookings Encouraged

In compliance with current regulations on the capacity of sports facilities, Laguna Practice is operating under a strict capacity. As such, we are taking bookings for practice slots and encourage you to make a booking to confirm a spot and avoid the disappointment of arriving at the range and having to queue. Please note that a slot must be booked to use the short game area as well.

For bookings please call 6741 1111.

Post-Game Buggy Return

We seek all Members' assistance to return golf buggies to the buggy return area immediately after ALL golf games. After morning games, it is important for our staff to be able to clean and sanitise the buggies in time to be issued for the afternoon flights. After the afternoon/evening games, it is important so that our staff can get the buggies cleaned, sanitised and into charging bays so they will have time to be recharged for the following day's morning games. We thank you all for your support and understanding as we work hard to accommodate golfers at all times of the day.

Lightning Suspension/Alert

A reminder to all golfers, in the event of a lightning alert being issued, all on-course games will be abandoned and all tee times during the alert time will be cancelled.

- All golfers currently on the course must return to the main clubhouse/buggy return area to remove their belongings from the buggy and either depart the property or head to the Nest to dine via the shuttle buggy
- All buggies must be returned to the buggy return so they can be cleaned and sanitized for the upcoming golf sessions.
- Those tee times within the alert timing that have yet to tee off, will be cancelled.
- With play abandoned and times cancelled for lightning alert times, there will be no waiting at the club for resumption of play. Only scheduled tee times not affected by the alert time will be permitted for play.

As always, your safety remains our top priority. We are committed to keeping Laguna National a safe place for all of our Members to enjoy and appreciate your continued assistance and support!
