

ACTIVATION OF CAR PARK GANTRY AT RESORT

To better ensure the exclusivity of our facilities within the Club, please be informed that the EPS Car Park Gantry of the Resort will be in operation from Monday, November 08, 2021.

As our esteemed Member, season parking concessions are provided complimentary to you. Kindly ensure that you have registered your vehicle number and IU details through our Membership Department to enjoy this privilege and avoid any unnecessary charges when parking at the Club. May we take this opportunity to also remind you to display your new Car Decals that were issued.

You may be pleased to note that your guests who are playing golf together with you or joining the Social and Recreational programs will also be entitled to complimentary parking; day-use car park coupons will be issued during their check-in at the CSA and S&R counter upon request.
