

## Club Committee Formations and Masters Course Closure Update

### CLUB COMMITTEE FORMATIONS

As we continue to move into a new era of membership at Laguna National Golf Resort Club, we will be progressively introducing some new initiatives aimed at enhancing the overall membership experience – this is a journey that we look forward to taking with you, our Members. As such, we are reaching out to Members who would be interested to serve the Club on a voluntary basis in the following capacities:

#### Lifestyle Committee

The Lifestyle Committee will work with Club management on the procurement and engagement of activities that explore and celebrate the wide range of interests of our eclectic membership. Those on the lifestyle committee should have a penchant for being a “social butterfly” and a passion for creating fun and exciting events/activities.

#### Disciplinary Committee

As the name suggests, the Disciplinary Committee will convene and work with Club management to evaluate situations at the Club that require a review on the conduct of our Members in accordance with the Club bye-laws and whether their actions may require disciplinary measures. Those on the Disciplinary Committee play a vital role in upholding the Club rules to ensure a safe and orderly environment for all Members to enjoy the Club.

Members who are interested to serve on one of the above committees are invited to write in via email to [membership@lagunanational.com](mailto:membership@lagunanational.com) with a brief description of their background and why they feel they are suitable to represent the Club on the respective committee. Please express your interest by August 2, 2021 for consideration.

### MASTERS COURSE CLOSURE FOR MAINTENANCE UPDATE

Due to some changing conditions, we will be postponing the Masters Course hollow tine maintenance. The closure of the Masters will now be on August 2 and 3 for this program. Please note the following course availability:

Monday and Tuesday, August 2 and 3	Masters Course <b>CLOSED</b> for hollow tine program	Classic Course: <b>OPEN</b>
---------------------------------------	---	-----------------------------

Please note that you can expect greens to take some time to return to optimal conditions, but this process is necessary for the long-term health of the golf course. Thank you for your patience.

Booking for July 26 and 27 will return to normal:

Monday, July 26	Classic Course <b>CLOSED</b> for regular maintenance	Masters Course Open
Tuesday, July 27	Masters Course <b>CLOSED</b> for regular maintenance	Classic Course Open
