Golfers that require a receipt for buggy fees are required to check in at the Club Concierge desk in The Shop as you will not be provided a receipt doing Express Check-in.

Opening of Water Dispensers

We would like to inform all members that we will be re-instating the use of water dispensers on the golf course from Monday, January 18 onwards. Dispensers have been closed since reopening from the Circuit Breaker in an effort to reduce potential contact spreading of Covid-19. With the current situation being more under control we are pleased to be able to **open the bottle filler spout** for you to fill water bottles. Please note that the mouth bubbler spout will remain **closed** and cannot be used.

We would like to stress that we are still dealing with the pandemic and must remain vigilant. Please be sure to wash your hands regularly and stay home if you are feeling unwell. It remains mandatory for you to complete Safe Entry and temperature screening at the club and for you to wear your masks at all times unless eating/drinking or exercising.

Steps for a Sustainable Future

As we move into a new year with new and enhanced facilities, Laguna National and Dusit Thani Laguna Singapore have taken up initiatives to create a more sustainable environment. This includes reducing our impact on the environment by reducing the amount of plastic used at the property. From Monday, January 18 onwards, we will be suspending the daily issuance of bottled drinking water on the golf buggies as well as the issuance of plastic laundry bags at the changing rooms.

To help encourage you to support this initiative to reduce waste and pollution, we will be issuing one (1) Laguna National Sustainable Golfer Set to each active membership. The set consists of a stainless steel re-usable water bottle and a re-usable canvas laundry bag. Please note this will be issued to the Principal Member only and not spouse or junior members. Please provide membership card as identification when collecting your set.
